Dogs

Pisces dogs play with their whole hearts. They may check in often, pause for reassurance, or respond deeply to tone and praise. This is emotional intelligence in motion. This season invites Pisces dogs to teach us that leadership begins with presence. Let play be a conversation, not a command.

Cats

Pisces cats are intuitive observers. Their play is imaginative, symbolic, and deeply tied to mood and environment. They may prefer subtle movement, shadow play, or quiet engagement over loud toys or constant stimulation. Respect their rhythm. Follow their timing.

Pisces cats remind us that play does not always look busy. Sometimes it looks like watching, waiting, choosing the exact right moment.

Color me in and/or cut along dotted lines. Fold in half, taping the edges to create a card. Read out loud to your cat or dog, and embrace its wisdom.
